

Stop losing physical assets

Blockchain identify responsibility
across the supply chain

PROBLEM

Supplychain is more and more efficient with IoT tracker but :

No trust

between numerous & independents actors

No responsible

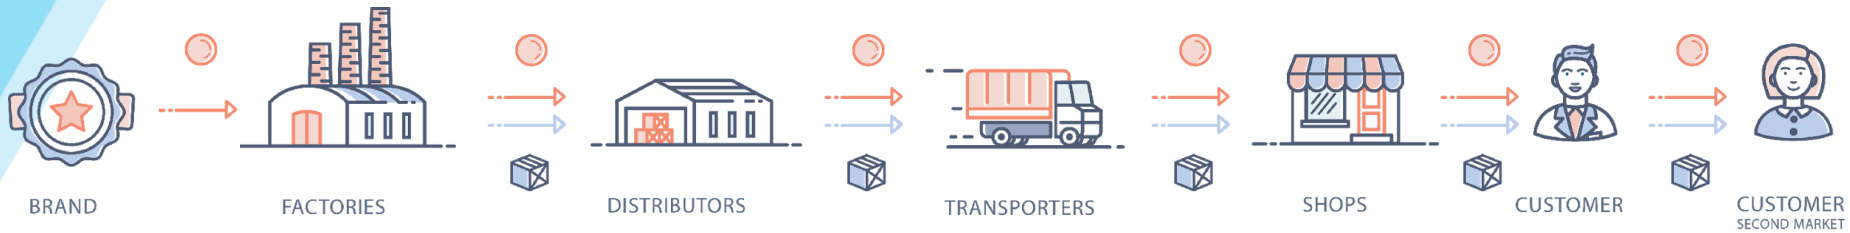

really identified on the logistic chain

Still theft & fraud

in diverting or breaking IoT

SOLUTION

A Blockchain platform
to transfer **Responsibility of Goods**
in real time

DIGITAL TRACKER

- certificate ID
- serial number
- good details
 - name
 - specifications
 -
- custom fields

UNIQUE

TRACEABLE

UNALTERABLE

TRANSFERABLE

UNFORGEABLE

USE CASE

BIG RETAILER

10 000 ROLLS / DAY

To fight against

Costs

Time

Paperwork

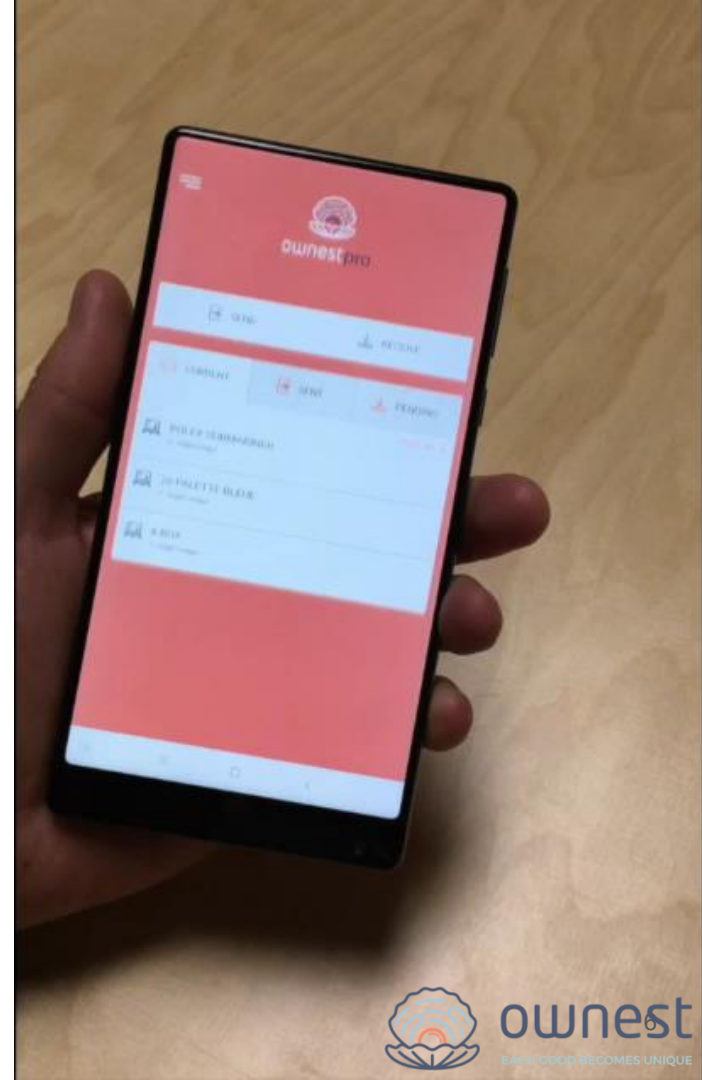

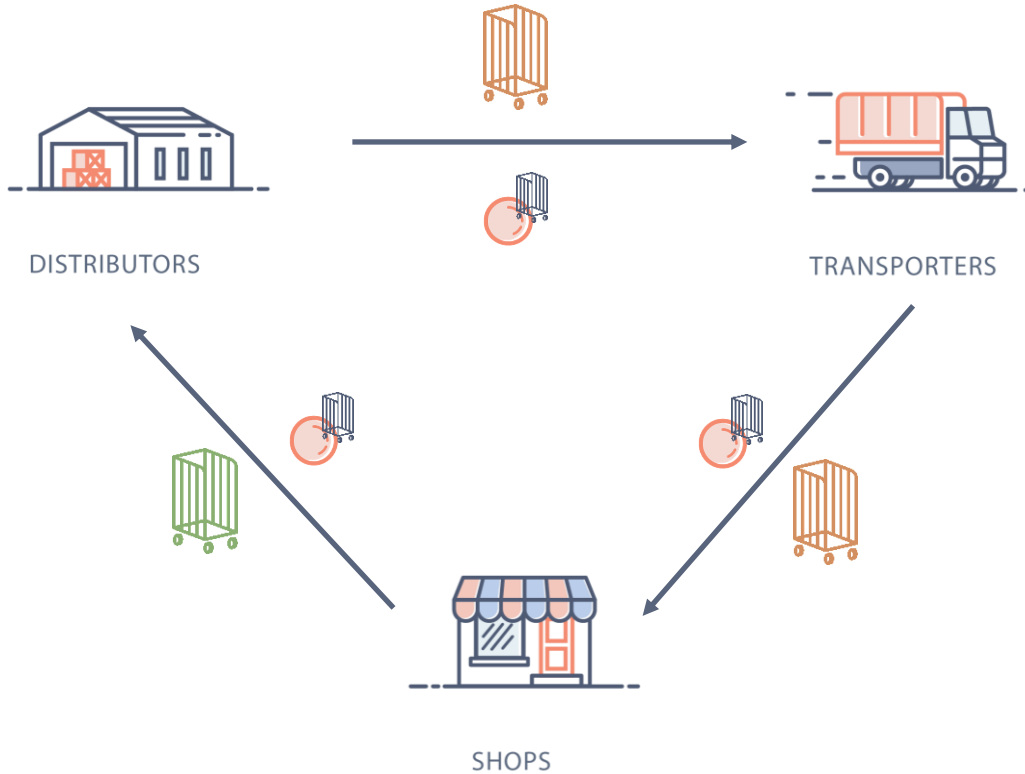

Bad
Actors

Deficient
Software

USE CASE

BIG RETAILER

ADVANTAGES

REAL TIME AUDIT
SECURED TRANSACTIONS

EVIDENTIARY VALUE
NO CENTRAL CONTROL AUTHORITY

GREY MARKET & COUNTERFEITING
DETECTION

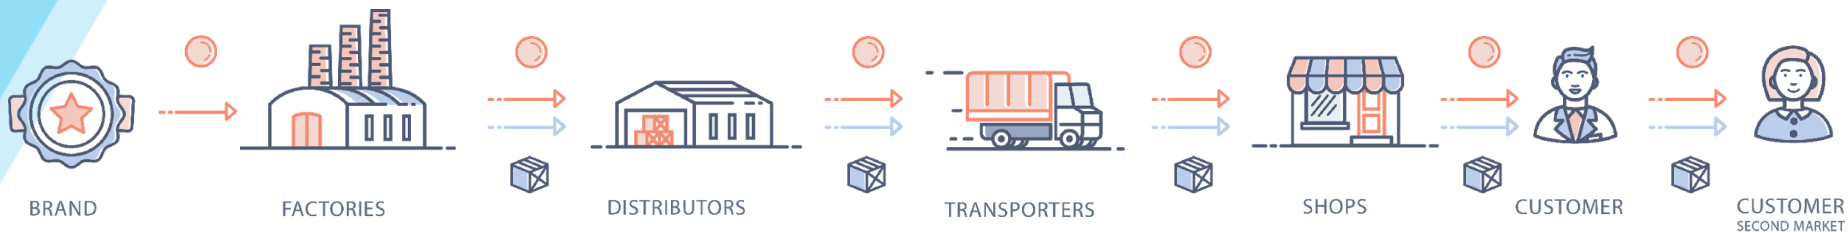

PERSPECTIVE

A Responsibility Blockchain platform

can become the tomorrow's
